YOU CAN HELP SAVE LIVES BY HELPING US SET A WORLD RECORD!

Malaria can be a murderous disease. Fabienne is a Haitian nurse who became infected. *"I contracted it while working with a (medical) team, and it was one of the worst illnesses I have ever had! I was able to test myself and confirm that I was positive for malaria, and I started treatment right away due to the medications from Blessings. I then heard of two friends that had died due to complications from untreated malaria. They lived near my home. That gave a major reality check of how life-saving the medications were. Thank you again; you might not ever know how much you help, but the person who survives because of your help does!!"*

Fabienne is just one of the thousands of people who receive anti-malaria medicine each year. Blessings International wants to provide more free malaria medicine to help more people. You can help!

This year we are planning to set a world record so we can donate more anti-malaria medicine. We hope to set the record for the most pinwheels placed in a row. Pinwheels will be sponsored for \$10 each. **On World Malaria Day, Tuesday, April 25, Blessings will work to place the pinwheels in a record-setting row!** Our team has already been in contact with Guinness World Records® representatives about making the record.
